

March 7, 2025

Dear Kraus Valued Partners:

The Kraus® brand mission is to offer an array of industry-leading kitchen sink and faucet designs that focus on delivering high-value functionality-boosting solutions, with meaningful Innovations for Real Life™.

Kraus always strives to provide industry leading quality products at the best value for our customers. As we continue our efforts to deliver high quality products, we are also facing rising expenses due to changes in global trade policies. To sustain the high-quality products and services you rely on, we will be implementing the following omnichannel price increases, effective May 4, 2025:

BRAND	PRODUCT CATEGORY	AVERAGE PRICE INCREASE %
KRAUS	Kitchen Sinks*	12.4%
KRAUS	Kitchen Faucets	5.8%
KRAUS	Kitchen Combinations*	14.2%
KRAUS	Kitchen Accessories	9.8%
KRAUS	Bathroom Sinks	3.9%
KRAUS	Bathroom Faucets	6.9%
KRAUS	Bathroom Combinations	No Change
KRAUS	Bathroom Accessories	9.0%
DELTA	Kitchen Sinks*	14.5%

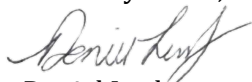

\*Granite composite and fireclay sinks are excluded from pricing action

Orders received prior to May 4, 2025, will receive current pricing. However, to effectively manage inventory and delivery service levels, we will not be able to support any stocking orders above normal volumes from now until the price increase takes effect. The global trade policy is fluid, and Kraus reserves the right to further adjust as needed going forward.

Your Kraus sales manager will provide you with the updated price file. Please let us know if you have any questions upon review. The new MAP pricing will take effect at 12:01 a.m. on May 4, 2025, with enforcement beginning shortly thereafter.

The whole Kraus family appreciates your understanding and support as we continue through these challenging and turbulent times.

Sincerely Yours,

Daniel Lusby  
VP Finance - Kraus
