

November 15, 2022

To Our Valued Customers,

On behalf of Delta Faucet Company, I'd like to thank you for your support of the Steamist® brand and products as we integrate them into our business. Steamist has a long legacy of innovation and exceptional customer service, and we are proud to offer these products in our luxury portfolio to create spa-like experiences for your customers.

**We would like to inform you that an 8.7% weighted average price increase for Steamist products will go into effect on January 15, 2023.** This increase impacts all Steamist product categories, including Steam Generators, Steam Heads, Digital Controls, Total Sense™ Spa Options, the ShowerSense™ Digital Shower Valve, and Accessories.

An electronic price file with updated pricing is available through your local Delta Faucet Company sales representative.

**Beginning January 15, 2023, the new pricing will be reflected in the digital versions of the Steamist price books on Steamist.com.** New MAP pricing is effective as of 12:01 a.m. on January 15, 2023. Enforcement will begin shortly thereafter.

In addition, we have carefully evaluated our product line and would like to make you aware that **the WIFI option compatible with the 450 digital controls will be discontinued effective January 15, 2023.** Built-in WIFI and IoT connectivity are still available in the TSC-550 series of digital controls. We will continue to support and warranty the discontinued WIFI option as well as provide replacement parts as necessary.

We appreciate your business and are dedicated to driving demand with innovative products that create exceptional experiences for your customers. Our team looks forward to helping you continue to grow your luxury business in the year ahead.

If you have any questions, please contact your local Delta Faucet Company sales representative.

Sincerely,

A handwritten signature in black ink, appearing to read "Michael Miller".
