**QUICK REFERENCE GUIDE.**  
SEE INSTRUCTION MANUAL FOR  
COMPLETE DETAILS.

**1** Connect the rear discharge toilet to the front inlet of the Qwik Jon® Premier. Ensure the connections are in accordance with local, regional, and state codes.

**2** Connect the drain pipe from another bathroom fixture to the side inlet on the Qwik Jon® Premier. The center of the side inlet needs to be drilled out using a 1-3/4" (44 mm) hole saw. Ensure the connections are in accordance with local, regional, and state codes.

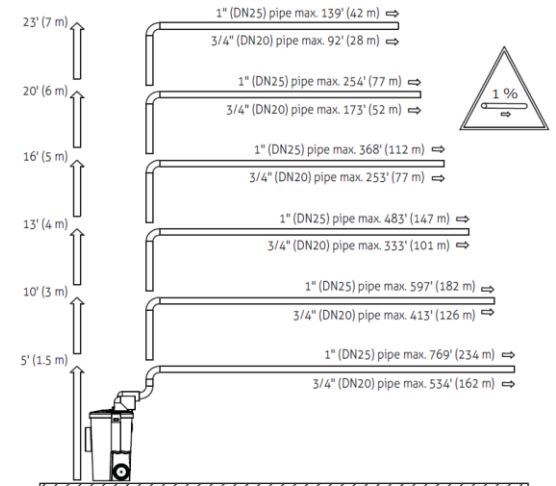

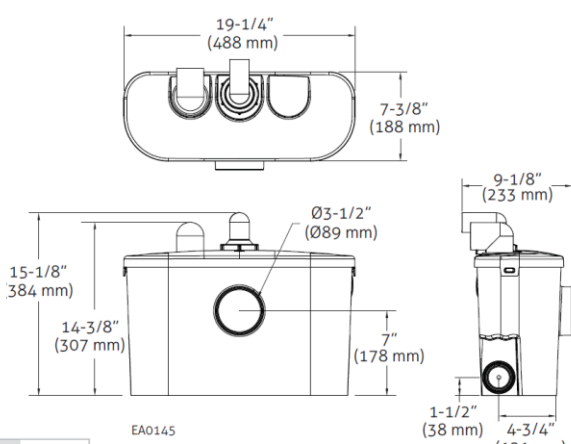

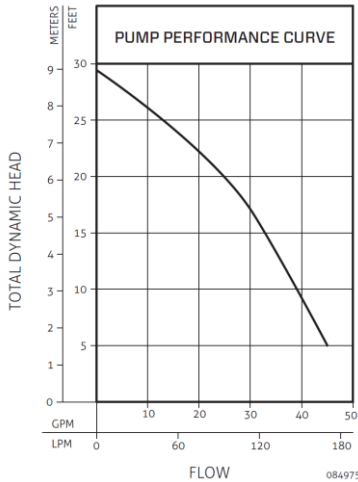

**3** Connect the vent and discharge pipe to the top of the Qwik Jon® Premier.

**4** The Qwik Jon® Premier has an inlet on either side. This allows for connections from other bathroom fixtures.

**5** Plug the power cord into a wall socket to provide power to the unit.
