

October 14, 2020

To Our Valued Customer:

InSinkErator is pleased to announce the introduction of our new Designer Air Switch Buttons. These five new styles were shown at KBIS in January and received rave reviews. They were designed with main faucet décor in mind to create a seamless experience at the kitchen sink. As a result of showroom input, these are now available in our five most popular finishes with more to come to align with the Showroom Collection instant hot water dispensers in the coming year. **Now In Stock** Chrome, Satin Nickel, Matte Black, Polished Nickel and Classic Oil-Rubbed Bronze.

Designer Air Switch features include:

- Decorative alternative to a wall switch
- Longer bezel for thicker countertop installation
- Transmitter assembly with button and bezel
- Counter top washer and fastening nut included. **Control box not included.**
- Solid brass construction
- *We Come to You*® 1-year limited warranty
- Nautical style is ADA compliant

Pricing, part number and UPCs below for your convenience and loading into your systems.

Orders for the Designer Air Switch Buttons may be placed with normal lead times. Included in this announcement is the Designer Air Switch sell sheet, product specification sheets and updated price sheet for the full InSinkErator offering of disposals, disposal accessories, instant hot water dispensers, tanks and chiller.

As a reminder, the Showroom Collection line of instant hot water dispensers are also available for order. These styles are available only to brick and mortar showroom customers only. If you have questions regarding your eligibility to stock, please contact your regional sales manager or manufacturers representative.

InSinkErator appreciates your continued support of our products. If you have any questions, please contact your Regional Sales Manager or local manufacturers representative.

Thank you!
